

HIGH CAPACITY HOPPER FEED SHREDDERS

IDEAL FOR CENTRALIZED OR DEPARTMENTAL SHREDDING. COMPACT TOWER DESIGN LETS THE MODEL 4605 FIT INTO THE SMALLEST CORNER.

Unique feeding paddles in hopper maintain smooth flow of waste materials.

Hopper can be tilted for safe, convenient clearing if a jam occurs.

DESTROYIT 4605 FEATURES

- Entire contents of wastebaskets can be emptied into the top hopper.
- Second feed opening located under the hopper for flat sheets and EDP paper.
- Soft touch controls with illuminated symbols for forward, stop and reverse.
- Auto stop when hopper is opened for safety.
- Photo cell starts and stops cutting head automatically. Additional switch for continuous operation.
- Automatic reverse in case of overfeeding.
- Shreds are collected in electronically interlocked mobile bin, removable from the front.
- Foldaway feeding and storage table is included.
- Storage rack for EDP printouts is available.
- 3/32" x 5/8" cross-cut size available.

OUR PROMISE

MBM has been a well-known and respected leader in the paper handling industry since 1936. We attribute our success over the years to providing customers with three simple things: a quality product at a good price, superior technical support and the best service in the business.
