Martin Yale

POWERLINE™ COMMERCIAL CUTTERS

- Commercial quality cutter with heavy-gauge steel base and precision ground steel blades designed to accurately cut stacks of paper
- Automatic paper clamp activates with the cutting motion; prevents sheets from shifting or tearing
- Includes precision ruler in English and metric scales
- Adjustable paper guide locks into position
- Base marked for common paper and photo sizes
- Catch tray catches small scraps of paper for easy clean-up
- Transparent blade guard protects the blade through the entire cutting motion
- Ergonomic soft grip handle
